From

Our Family To Your Team

For us, Diar il-Bniet has always started with our land.

We grew up surrounded by the fields, produce and flavours that shaped our family table. Today, much of what we do still begins in the same way; from our farm and from our lands, following the seasons and using what they give us.

At Christmas, this becomes even more personal. The food we serve carries memories of our family, of recipes passed down to us and of our Nanna's kitchen; the aromas, the traditions and the simple pleasure of gathering everyone around one table.

Through Diar il-Bniet, we want to keep those traditions alive while sharing them in our own way. Our Christmas menus bring together produce from our farm and lands, ingredients from local growers and the rustic Maltese recipes and flavours we grew up with.

This Christmas, we invite you and your team to our table; to share good food, celebrate together and experience a little of the Malta that we know and love.

From our farm and our lands, to our kitchen,
and finally to your Christmas table.

Dorianne & Darren
